HOME CONTROL INTERNATIONAL LIMITED

(Incorporated in the Cayman Islands with limited liability)

(Stock Code: 1747)

PROFIT WARNING
FOR THE SIX MONTHS ENDED 30 JUNE 2026

This announcement is made by Home Control International Limited (the "**Company**", together with its subsidiaries, the "**Group**") pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "**Listing Rules**") and the Inside Information Provisions (as defined under the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Cap. 571 of the Laws of Hong Kong).

The board (the "**Board**") of directors (the "**Directors**") of the Company wishes to inform the shareholders (the "**Shareholders**") and potential investors of the Company that, based on a preliminary review of the unaudited consolidated management accounts of the Group for the six months ended 30 June 2026 and the information currently available to the Board, the Group is expected to record a decrease in revenue of approximately 20% and a decrease in profit attributable to owners of the Company of approximately 58%, as compared with the corresponding period in 2025. The revenue and profit attributable to owners of the Company for the same period in 2025 were approximately US$60 million and US$5 million, respectively.

The Board considers that the aforesaid decrease in revenue was primarily attributable to heightened geopolitical tensions and ongoing conflicts in the Middle East, which led to sales fluctuation and caused certain customers to adopt a more cautious approach towards order commitments and project implementation during such period as compared with the corresponding period in 2025. Easing of such geopolitical tensions may contribute to a gradual stabilisation in customer demand and project implementation.

The Board also considers that the decrease in profit attributable to owners of the Company was mainly attributable to (i) increases in raw material, transportation and other operating costs, which are driven in part by oil price volatility, supply chain disruptions and higher procurement costs arising from the Middle East conflicts, together with continued supply constraints and elevated prices of certain electronic components. To a lesser extent, (ii) incremental expenses pertaining to Artificial Intelligence (AI) incurred by Orbiva and its subsidiaries, comprising incorporation and start-up costs, compliance advisory expenses, and expenditure incurred in support of the Group's ongoing business development and diversified initiatives, including localised AI infrastructure project in Indonesia and AIoT healthcare-related solutions.

The Company is still in the process of finalising the interim results of the Group for the six months ended 30 June 2026. The information contained in this announcement is based on the preliminary assessment made by the Board with reference to the information currently available and the unaudited consolidated management accounts of the Group for the six months ended 30 June 2026, which have not been audited or reviewed by the Group's auditors and audit committee of the Company and may be subject to amendments or adjustments. Shareholders and potential investors are advised to read carefully the interim results announcement of the Company, which is expected to be published on 21 August 2026.

Shareholders and potential investors are advised to exercise caution when dealing in the securities of the Company.
